Venom 44

VENOM 44

Venom 44 is the greatest result of more than 25 years of experience from RIBCO. The hull is equipped with three steps designed from the great naval architect Lorne Campbell. The result is a boat which is characterized by smooth and dry ride, high performance offshore ride, very high average speeds on heavy weather and of course the feeling of safe and comfort ride, that no other boat in its class can provide at that level. The deck provides a lot of space for sun bathing and sitting positions, but at the same time it hides 2 cabins (one in the case of the sterndrive version), a wet bar with fridge and sink, a huge WC and even an espresso machine!

Venom 44 is standard equipped with digital switching making life on board easier. From 2021 Venom 44 comes standard with carbon T-Top. It's a real piece of art that we are very proud of. Its more rigid, it reduces the weight more than 100 kg and also reduces the center of gravity of the boat.

Venom 44 is available with triple outboards for speeds of 70+ knots and also as a sterndrive for those who love to have a huge bathing platform and great efficiency.

About RIBCO

In 1994 Ribco was born by Stelios Ladopoulos and Valerianos Nikas. Their passion for perfection and their love for the sea was part of the inspiration. Their dream was to produce the best RIB boats in the market. Excellent quality in every aspect, great sea keeping characteristics combined with bulletproof construction. Numbers prove that they were right. Since then, more than 600 Ribs have been produced by Ribco, distributed in Greece but also in Australia, Turkey, Israel, England, Spain, Italy, Croatia, Montenegro, France and other European and Eastern countries.

Venom 44

Hi-Tech materials

The T-Top is made from carbon fiber. It's stronger and much lighter than a conventional one and it looks like a real piece of art.

Venom 44

Outboard Version

1350 Hp maximum installable power
72 kn maximum speed - 3 x Mercury Racing 450R

Sterndrive Version

1000 Hp maximum installable power
51 kn maximum speed - 2 x Volvo Penta D6-440/DPI

Venom 44

Standard on Board

NAVIGATION, INSTRUMENTS AND MUSIC

- Digital switching
- GPS Raymarine AXIOM PRO 16", touch screen with map and sounder
- FUSION Apollo Marine Audio/Mp3 4 x Speakers

- VHF Raymarine 260
- Chain Counter

DECK AND COCKIT

- Carbon T-Top with Fixed Windscreen and wiper
- Electric Windlass with remote control / Inox Ultra Anchor with 40m Chain

- Bow Thruster
- 2 Bolster Seats with hydraulic absorber
- 3 people seating bench
- Wet bar, including Fridge, Sink
- Wash Down System, Saltwater/ Freshwater
- Total fuel capacity 700lt (1.050lt for outboard)
- Total water capacity 170lt

- WC with shower inside console, marine head with holding tank, sink
- Sleeping ability for 2 in front compartment (+2 in rear compartment – outboard only)

ELECTRIC EQUIPMENT

- Led Exterior & Interior Lighting

- Underwater Lights
- Shore Power, Battery Charger, Inverter 220V / 2.000W
- Hot Water Boiler 18lt
- Nespresso Coffee Machine
- Emergency Battery Crossover Capability

UPHOLSTERY AND WOOD

- Carbon Dash panel
- Premium fabrics from Spradling for upholstery
- Sun Tent Bimini fitted on T-Top
- Rear foldable table from teak

COVERS

- Boat Cover (winter)
- Console Cover
